Framed Gate

Product description:

Attractive, secure, easy to install, providing excellent value for money for most applications.

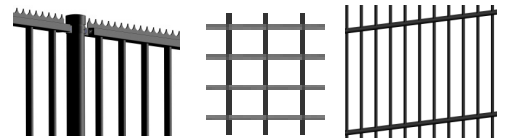

Steel framed gate wing, 3 choices of infill, BL 26mm dia tubular bar, GL square 50x50x4mm weldmesh or RL 200x50 x 8/6/8mm rectangular mesh all welded to the gates frame with a dragon-tail top edge for additional security. Posts are welded into a frame that can be cast into foundation or simply backfilled into the ground.

Options include, selection of handles, double key cylinder locks, electric locks and gate closers.

Finish

- Galvanised
- Galvanised & Coated
